**Hello, this is Hews,**

**I actually recently finished the P5 game  
and i knew at that moment i had to work on this  
set of works.**

**It was a fun game. truly enjoyed but the reason why  
i finished it quick because i do not want to get  
spoiled before i even get to play it,**

**so i had to playthrought it straight 3 days  
and with 1 day full sleep and 2 days  
to play and ended it eventually at 6th day since it was  
released. haha...**

**For you who's asking "Where's Sae nijima, the 2 lolis  
or hifumi and the fortune teller and HARU,**

**Don't worry, im saving myself some time to prepare,  
so the moment you saw this work posted, im already working  
on the 2nd half of the work .**
